QUESTION

Where do all the crickets go?

One day there are millions crawling, hanging on walls, dying.

The next they are gone.

Cold weather with temperatures in the 40s is the reason.

But do they just die in mass overnight in the ground, in the grass when the thermometer says 45? Do their brittle legs just snap off, their crisp bodies collapse, their wings fail to flap?

Potentially the greatest source of Central Texas fishbait, cricket hordes here thus disappear as they suddenly appear, climbing white walls until they fall dead, crunching beneath feet and smearing under car wheels at intersections with brown-stain remains.

They are both the nuisance and phenomenon of late summer. They are a restless intrusion into every part of building or room which is not darkly guarded by chemistry and broom.

It's not that they are missed. It's only their scourge seems to be pointless.

118-118-118

Perhaps John H. Van Vleck, 78, co-winner of a 1977 Nobel Prize for research on the electronic structure of magnetic and "disordered" systems, knows.

Perhaps the Harvard physicist can explain the basis for such things as crickets emerging, then disappearing.

Perhaps such researchers one day will explain why the cricket shows and why the cricket goes.

Commissioners Study Plan For Reevaluation

Reevaluation of county properties could add up to \$20 million to the tax rolls, County Judge O. B. Harden told county commissioners Monday morning, as he urged them to go forward with the plan.

Commissioners discussed setting valuations at 100 percent of market value, then having each county office submit a budget before setting the taxing rate.

Action on reevaluation was deferred until Thursday's meeting. Harden pointed out that the county can get help on updating the tax rolls from the Manpower Consortium.

Franklin Shenkir, supervising resident engineer for the Texas Highway Department, explained to commissioners that the department will update markings and signs for the 51 railroad grade crossings in the county, with the county to be responsible for upkeep.

Court also voted to become a member of the Texas Surplus Equipment group; discussed membership in the Texas Unemployment Commission; and approved a minute order for a new farm road near Buckholts.

A CHECK FOR \$100 is presented to Edwin Marek Jr., left, by Lanny Dusek, president of the Yoe High senior class. The money, plus an equal amount from an anonymous donor, will help Edwin pay for his specially equipped van.

Seniors Honor Marek With Gift For Van

"This is something, it's really something," was Edwin Marek Jr.'s reaction Friday when he was honored during pre-game ceremonies of the Elgin-Cameron football game.

Yoe High School senior class president Lanny Dusek presented the 1975 graduate with a framed certificate showing a \$100 gift from their class and a matching anonymous gift. The gift is to be used to make Edwin's first payment on a new van now on order.

A "Wheels for Edwin Marek, Jr." fund has been set up with accounts in the Citizens National Bank and First National Bank of Cameron. The fund was set up

following publicity given Edwin through CameronHerald features. Lois Sapp will serve as fund director.

Other events are being planned in order to let Cameronites have a part in helping Edwin not only help himself, but others 'less fortunate than himself.' Area church women will combine efforts in a bake sale on October 21 in downtown Cameron.

The son of Mr. and Mrs. Edwin Marek, he was paralyzed in 1974 but went ahead and finished high school. Then he received an Associate of Arts Degree and now hopes to be able to get a job and use the knowledge and skills he acquired.

Trustees Eye Cost Of Unemployment Benefits

Costs for unemployment insurance for school district employees will run about \$9,000 a year, school trustees were told at a regular meeting Monday evening.

Supt. Buddy Dulin explained that the district will have to pay unemployment benefits under a new law passed by the Texas Legislature.

Dulin said the district's best choice would be to enroll in a plan offered by the Texas Association of School Boards, in which the district would pay \$45 a year for each school employee, which would total about \$9,000 a year.

He said the schools may encounter problems in unemployment claims because of a condition set by the Legislature which cuts out payment if an employee leaves voluntarily "without good cause." He said this presents a "loophole."

Dulin said the TASB has its own lawyers to settle claims and this would save the district money on legal fees in case of disputes.

Action was tabled with Dulin instructed to get full details on the insurance plan and find out if the board would have to become a member of the TASB.

In other business, Dulin said

Planners To Renew Annexation Push

The city planning commission took action Monday afternoon to recommend that the city council reconsider an annexation program as submitted previously, and also that the council not let outsiders make decisions that are vital to the city.

The commission's annexation proposal failed to pass by the council in a recent vote, and has stirred up much controversy by both city residents and others who would be affected by the measure.

The commission set Monday, Oct. 17 as the date for a joint commission-council meeting to discuss annexation and other matters, including location of a new city hall and fire station.

Lincoln Mondrik, a member of the commission and a city councilman, reported that he and councilwoman Jan Luecke were making a house-to-house survey in the Boedeker Addition Wednesday to see how residents feel about annexation. A list of names opposing annexation of the Addition was a key factor in the annexation vote by council.

It was noted that residents of the Addition get all city services except sewer, and are not paying city taxes. Monroe Fuchs said years ago only one

resident there was opposed to annexation and it was "hard to understand why so many names are on the list." He said some of the residents now have city sewer.

Gene Lumpkin said those residents are getting city facilities at "reduced rates" and opinion was that city services shouldn't be supplied if an area is outside the city limits.

James Camp said the new industry, Butler Weldments, is asking that their 15-acre tract be included in the annexation proposal. Commission agreed to add the area in the new presentation.

One member of the commission said the city council needs to be reminded of the importance of the planning board, and also be reminded of the city's master plan which was drawn up years ago.

In a discussion of new municipal buildings, city councilman Tommy Corley reported that his committee has had many comment on locations for a city hall-firestation-chamber of commerce complex before any decision is made.

Commission member Mildred Thornton said the committee should think in terms of downtown, to protect downtown merchants, and said location on the

city library lot would mean a ruin of the grass with paved parking lots. Corley said his committee "sort of ruled out a fire station near the library."

Kay Green said the city offices should be separate from chamber offices, and Corley said some feel the chamber office should be near the highway. Green said the issue should be put before the people for a choice. Barbara Smith-erman said the city should not use all the commercial space downtown, as there "are not that many spots."

The commission also discussed unsatisfactory street repairs made after Bell Telephone installed underground cables.

Chamber Praises Ambulance Group

The Cameron Area Chamber of Commerce is commending the volunteer ambulance service for actions during its first year of operation.

A statement from LaVert McKinney, Chamber president said: "The manager, directors and members of the Cameron Area Chamber of Commerce would like to express their appreciation and to commend the Cameron Volunteer Ambulance Service for their accomplishments during the first year of operation. We feel our community is served well by you and we would like you to know our Chamber is behind you 100%."

Day Care Center Benefits

United Way Goal Set At \$10,000

A goal of \$10,000 is set for this year's United Way drive in Cameron, which will start October 24, according to chairman L. W. Turner, and end November 4.

Contributions from businesses and individuals will be sought, Turner said, however there will not be a house-to-house drive. Individuals may mail contributions to Janice Turner at First National Bank in Cameron.

The United Way drive benefits a number of local organizations, including the Salvation Army, Red Cross, Day Care Center, Little League, Girl Scouts, Boy Scouts, the Cameron Community Center, and last year helped the Youth Exposition Building fund and the Cameron Volunteer Ambulance Service.

"We're going to try and keep most of the funds in town where they'll do the most good," Turner told The Herald.

DAY CARE CENTER

The Cameron Day Care Center, a United Way agency, has an enrollment of 20 children, all belonging to mothers who would not otherwise be able to get out and work to support or help support their families.

The Center receives 33 percent of its support from local sources, and 70 percent from the Department of Human Resources. The local funds are supplied by the United Way, churches, and individuals.

Mrs. Lucille Gelner is director of the Center, and Irene Simmons is assistant and also teacher. Other teachers are Kathy Johnson and Johnnie Mae Byrd. Two student assistants work in the morning and are paid through the Manpower student program.

The Center provides for social, intellectual, creative and physical development for the children, and a reading program is also provided for older children, which makes a significant difference when the child starts school.

Mrs. Gelner said the Center is of great benefit to the children, and after an improved diet which features a hot meal and two snacks a day, they show a difference in appearance. They are also taught important health care habits as they go through the day.

She said the Center has allowed some mothers who were receiving AFDC (Aid to Families

with Dependent Children) to get off the welfare rolls and become a wage earner. Most of the children come from one-parent families, Mrs. Gelner said, and if it were not for the Center, the mothers would have to be on welfare.

The mothers must meet income guidelines to enroll their children at the Center.

The Center started its sixth year of operation on October 1, and has helped many families get on their feet financially, by providing a place for the children who range in age from 2-6. It is open from 7-5 each day during the week.

THE DAY CARE CENTER is a favorite spot for the youngsters who attend each day. The Center is a United Way agency and is now in its sixth year of operation in Cameron.

Edwin Marek, Jr....

We are pleased Edwin Marek, Jr., is getting the support of funds set up in both Cameron banks for a "Wheels for Edwin Marek, Jr."

This young man is an example of courage, an example of what is really tough when we think things are tough going in the day to day.

And we are pleased a Herald series by Lois Sapp drew public interest to Edwin Marek's story, indeed a story worthy of publication

wherever people live and work and endure beyond tragedy.

People speak of the human spirit in some kind of mystical aura. But the best example of the human spirit is continuing to live in the future when it is so easy to live up to a point or live in limbo.

Young Marek is looking ahead. And if a guy ever deserved recognition and some help, it indeed is Edwin Marek, Jr.

Arts & Crafts Show Great...

It was a beautiful day, Saturday, October 1, and one of the finest fall attractions in Central Texas went well in the fourth Cameron Arts and Crafts Show.

What can be better endorsement than the numbers which turned out to view the arts and crafts show, the kids attractions, the food, the antique car show, the museum, all tied together by bus service from Milam Museum to Cameron City Park? Thousands saw the show.

Ladies Committee of Cameron Area Chamber of Commerce put together the best show of this series and one of the best arts and

crafts productions in Milam history.

It is a great setting among the historic old trees and band shell. The day after the Arts and Crafts show, which featured "oompah band" ensembles courtesy of Yoe High School band, and Der Rhine Steins, a local rock group put on an impromptu concert which drew quite a number or people during the afternoon.

The Herald followed the events with a page of pictures and feature writer Lois Sapp's lead-in articles.

It's one of the best things Cameron does each year.

Letters TO THE EDITOR

October 5, 1977

Dear Frank:

Our copy of the Herald was just received yesterday. I was, of course, honored and pleased that you attached as much importance as you did to my decision not to run again. I wanted to especially thank you for the extremely gracious and generous editorial, which you published. I took it home to Frances last night, incidentally the only one that I took home with me.

I am afraid that I have not been able to do all that my friends credit me with having done, but I hope that I have been able to assist in the development of Central Texas. I have tried to shape the course of our country along the direction that I think it should take. I have had even less success here; but I do realize, as you so well point out, that the character of Central Texas has changed from a land of small farms to an area of big industry. I think the change is going to continue for a long time to come.

Incidentally, Milam County, which I oftentimes describe as the most typical Texas County in the 11th District, has probably gone as far as any of the other counties in this process of change and has done it without full recognition of what was happening. I suppose that the Alcoa Plant is the largest single industry in the District. I know that the recent oil production in Milam County involves the largest producing wells in the District and that the lignite development across the southern part of the County is the only substantial coal operation in our District. At the same time, there has been relatively little displacement of our farming population. I think Milam County can very well continue to claim the title of "Matchless Milam."

Again, I want you to know my deep appreciation for your kind comments.

With best wishes, I am

Yours Sincerely,
W. R. Poage,
Congressman

Dateline Austin

New Treasurer Also Has A Famous Name

Texas has another famous name from the past heading its modern-day State Treasury operations which involve billions of dollars in public fund investments with Texas banks.

Gov. Dolph Briscoe appointed Dallas County Treasurer Warren G. Harding, 56, to succeed the late Jesse James as state treasurer following James' death of a heart attack.

Harding, a Democrat, was named for a former Republican president, as James was named for a famous outlaw who became a kind of folk hero.

"I will look into the investment portfolio and assure you all state money will be invested at the best interest," said Harding.

The new treasurer said he is considering appointment of a "money manager" with professional skills in the investment of public funds.

However, he delayed discussion of other possible reforms in the Treasury Department which has been subject to criticism in recent years.

Harding once ran for the office against James—21 years ago—and was defeated 812,603 to 536,746.

He intends to run for the post in 1978—and once more the incumbent, though new on the job, will have the advantage of name identification.

Clayton Offers Tax Advice

House Speaker Bill Clayton advised taxing authorities to abide by a new law permitting open space lands to be taxed on the basis of productivity rather than market value.

The law was passed this year in anticipation that a related constitutional amendment would also be submitted to voters, but the amendment never cleared the legislature.

Clayton claims the law will stand on its own and should be recognized by taxing authorities in valuing farm and ranch land after January 1, in spite of anticipated attacks on its constitutionality. The advice apparently conflicts with that of Atty. Gen. John Hill in a July 6 opinion.

Sale Booms Income

A School Land Board lease sale last week added more than \$27 million to the Permanent School Fund, which now totals \$1.5 billion and is among the world's three top educational endowments.

A total of 443 high bids were awarded oil and gas companies, according to Land Commissioner Bob Armstrong. Bids were the second highest average per acre (\$93.66) in 22 years, and a bid from Mobil Oil Corp. for a 1,440 acre Gulf tract was the third largest in history for a single tract.

Personal Income Soaring

Per capita personal income in Texas has jumped 52 percent in the last five years, according to U.S. Commerce Department figures.

The increase (from \$4,102 to \$6,243) was the largest recorded among the large industrial states and the third largest in the nation, but the state still ranks 26th in personal income.

Texas Courts Speak

Texas Supreme Court has upheld right of consumers to sue manufacturers where product defects are responsible for economic loss.

The Third Court of Civil Appeals, in a brief opinion, found a state law requiring welfare department licensing of homes for children does not interfere with the religious beliefs of evangelist Lester Roloff who operates several homes.

The State Supreme Court turned down an 80-year-old Wichita Falls lawyer's demand for payment from Mexico for ranches totalling 218,000 acres seized from him in Zacatecas in 1963 and 1967.

The high court ordered a full trial of a Bowie County woman's suit against a washateria operator following a beating by a thug there last year.

Third Court of Civil Appeals heard arguments in a case involving right of children of illegal aliens to attend Texas public schools without paying tuition.

Indictments of juveniles for murder before examining trials are held are illegal, the Court of Criminal Appeals held.

Third Court of Civil Appeals reversed a Travis County district court decision that a sales tax on rental or leasing of motion picture films to theaters was unconstitutional, and the ruling may gain \$8 million in revenue for the state.

Attorney General Opinions

The state comptroller is not authorized to conduct audits of state agencies when work would parallel duties of the state auditor, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded:

A State Board of Morticians member vacated his office when he went to work for a "chain" funeral home opera-

OLD PHILOSOPHER

Dear editor:

At first, when I read that there are now 970 satellites circling the earth and more on the way, I said they're going to do to space what they've done to cities with traffic, although I guess if man puts his mind to it and gets a big enough appropriation he can produce parking meters for outer space and maybe even stoplights.

But then I read another article saying Russia has perfected a satellite that can shoot down another satellite, and we're working on the same thing too.

This may be the answer mankind has been looking for ever since one group of cavemen got in a war with the cavemen on the other side of the mountain, on down through better organized tribal wars, the fall of Jericho, the 100-years war, the Peloponnesian War, the Roman Wars, the Battle of Bull Run, the Boer War, all the European wars so numerous nobody can name them all, right on down through World War I, World War II, Vietnam, and World War III, whenever it's scheduled.

Clearly, the place to fight the next war is in outer space, and you do it with satellites. We send

up say 10,000 satellites, Russia sends up 10,000 (we'll need international referees to see that nobody cheats) and the whole shebang starts shooting at each other. It'll be like playing marbles for keeps, only you don't get to keep your opponent's marble, you shatter it. The side that winds up with the most satellites still orbiting wins. If the side that loses is dissatisfied and in the spirit of warring man since time immemorial abandons the rules and sends up additional snarling satellites, the other side retaliates, and the war goes on till one side runs out of money.

Since it seems impossible for man to eliminate war, using outer space for a battleground and unmanned satellites for soldiers appears to be the perfect solution. Nobody gets hurt and no buildings are destroyed. Just be sure to duck if you see a piece of falling satellite headed in your direction. The stuff is supposed to burn up in the atmosphere before it reaches the earth but you know how modern industry is, always installing some parts that are faulty.

Yours faithfully,
J.A.

tion, because law permits only one member to be associated with chain establishments.

A county law library fund cannot be used for construction or renovation of county law library facilities.

An electric hair-removal machine is under jurisdiction of the Texas Cosmetology Commission.

Short Snorts

State tax collections in July totalled \$622.8 million, bringing the year's total to \$6.55 billion. Expenditures for July were \$561.9 million.

R. L. Thornton Jr. of Dallas has stepped down from the Alcoholic Beverage Commission.

Former professional football star Walt Garrison is considering a race for Texas agriculture commissioner.

Agriculture Commissioner Reagan V. Brown warned Texas farmers and ranchers they are "going to have to project and produce just like General Motors for their markets" in order to survive.

A Texas Railroad Commission order reduced the amount of money Lone Star Gas Company can collect from customers to cover back costs of producing natural gas. Dallas, Waco, Irving, Richardson, Garland, Killeen, Abilene, Wellington, Fort Worth and Burkburnett protested an 85 per cent pass-through and will receive credits.

Reported and estimated unreported production of Texas crude oil totalled 92,865,244 barrels in July—a decline from 97,998,693 barrels in July 1976.

and your electric bill.

Fuel is essential in the production of electricity. Texas Power & Light Company generating plants burn very large amounts of natural gas or lignite coal and, when supplies of gas are short, oil to produce steam which operates turbine generators. Fuel costs are charged to each TP&L customer according to the number of kilowatt-hours of electricity used by the customer.

Before July 1, 1977, your basic rate for electric service included a fuel cost of about eight-tenths of one cent for each kilowatt-hour. The additional cost of fuel used to produce your electricity was shown on your bill as a fuel adjustment factor.

Since July 1, 1977, under requirements of the new Public Utility Commission of Texas, all fuel costs have been removed from the basic rate. Now, the entire amount you pay for the fuel required to produce the electricity you used is shown on your bill in the space identified, *Fuel Amt.* This amount is figured by multiplying the number of kilowatt-hours of electricity you used by a fuel adjustment factor which appears on your bill in the space identified, *Fuel Cost per Kwh.* This factor is simply the per kilowatt-hour cost of all fuel required to produce your electricity.

The fuel cost per kilowatt-hour and the fuel amount on your electric bill will vary from month to month. These variations, either up or down, occur as the price TP&L pays for each kind of fuel fluctuates and as the amount of each kind of fuel used varies.

County Agent's Notes

Decisions On Planting More Corn Depend On Different Factors

By Bill McCutcheon
Milam County Extension Agent

Corn was the big topic of discussion last winter and the interest resulted in considerably more corn being planted last spring.

Was switching to corn a good idea? Should you plant corn next year?

The answers to these questions depends on who you talk to. Depending upon rainfall during the silk and tassel period yields were from fair to excellent. One hundred to 120 bu. corn was harvested in the Little River Bottom where 2-3" rains fell in June. On similar Little River Bottom soils not getting the June rains 50 to 60 bushel corn was harvested with the rainfall being about the only variable.

In a corn versus grain sorghum comparison on the W. E. Beck-husen farm in the Little River bottom this year corn had a net income advantage of about \$30 per acre on two corn varieties while two others had about the same net income as grain sorghum.

Acco 1029 was the sorghum used in the comparison yielding 5400# per acre. The corn varieties were ACCO 9792 - 5622# per acre; Golden Acres 6947 - 5690# per acre; ACCO 9451 - 6899# per acre; and Pioneer 3369 - 6838# per acre. This was shelled corn weights and this area of the county received good rains in June.

At first glance you would think corn had a big advantage of net profit over sorghum in this comparison but this is not so.

Seed costs per acre on corn was about \$10 per acre as compared to \$3.25 for sorghum. Weed control was similar as Aatrex was used on corn and Miloguard on sorghum. Weed control ran \$1.70 per acre on corn and \$1.53 on sorghum. Insect control favored corn.

Two greenbug applications for a total of \$5.85 per acre were applied on sorghum and none was required on corn. Fertilizer costs doubled with corn. Fertilizer on corn ran \$35.60 per acre and \$17.70 on grain sorghum. Harvesting and hauling costs ran up

to \$34.50 per acre on corn and \$27 on sorghum.

Total out of pocket costs ranged from \$75 to \$81.00 per acre on corn as compared to \$55 on sorghum.

1977 corn crop experiences point out several important factors for consideration if you are toying with corn possibilities for 1978:

--Corn does have an increased profit potential some years with new single cross hybrids.

--Corn is much more susceptible to drought stress during the reproductive stage than is sorghum.

--Inputs in a corn crop will be considerably higher than required for sorghum. Inputs will likely be 1/3 greater for corn.

--Local markets are not readily available for corn as new varieties come off during grain sorghum harvest.

--Cash outlays for corn header or custom harvesting may be required.

--Seedling johnsongrass and even root johnsongrass control

are possible in corn and still very erratic in grain sorghum.

--Grain sorghum seems to be a preferred host of the greenbug rather than corn when grown in the same locality.

After watching corn closely last year and past experiences in growing up with corn, I ask myself if I were a Milam County farmer would I grow corn in 1978?

Only if I had a full profile of soil moisture next February would I consider planting corn instead of Milo, and then only on a portion of my sorghum land. This would have to be a deep soil capable of holding a lot of water as corn water requirements are higher than those for sorghum and sorghum handles drought stress much better.

Intangibles that help offset the corn risk, include no sorghum midge problems, spreading planting and harvest time, cleaning up foul land, and the fact that other crops such as cotton tend to do better following corn than sorghum.

Antibiotic Restrictions 'Lumped' At Conference

COLLEGE STATION

Restrictions on use of tetracyclines and other antibiotics in poultry and livestock nutrition got their lumps here Thursday during the opening session of the 32nd annual Texas Nutrition Conference.

Dr. J. S. Kiser, an agricultural consultant with American Cyanamid Company in New Jersey, told about 200 persons at the session that Food and Drug Administration (FDA) findings so far show no evidence that use of antibiotics in feeds is harmful to humans.

Effectiveness of antibiotics in livestock and poultry feeds to boost weight gain and efficiency has been known since 1950. The practice became widespread in the United States until restrictions governing use of the drugs went into effect in recent years.

The restrictions, Kiser said, resulted from the belief that the antibiotics in feeds might develop resistant bacteria and cause disease in people who eat the meat grown from those feeds.

Kiser pointed out that antibiotics have been used in feeds for 27 years. During that time, there have been numerous attempts in the U. S. and abroad to document a hazard to human or animal health.

"The last three commissioners of the FDA, including the present one, have stated that there was no instance in which an outbreak of a disease in humans could be attributed to this practice," he said.

The speaker explained that the Canadian government has announced that it will not restrict use of antibiotics. However, that government has put antibiotics manufacturers on a three-year schedule to determine if the merits of the drugs are still as valid as they once were.

In Great Britain, there have been several attempts to learn what benefits can be had by restricting antibiotics in feeds. Kiser said there is no improvement in human or animal health, there is a flourishing black market in antibiotics, and the task of raising animals for meat, especially pigs, is more difficult and expensive.

"Once a regulation has been promulgated in Great Britain, as in the United States, it is exceedingly difficult to get it changed," he said.

The nutrition conference was sponsored by the Texas Agricultural Experiment Station, Texas Agricultural Extension Service, Texas Feed Control Service and

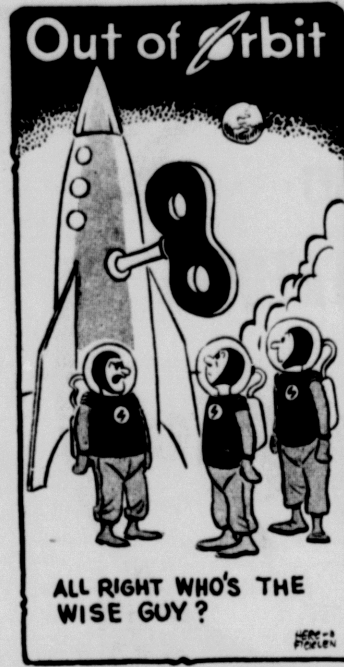

the A&M University College of Agriculture in cooperation with the Texas Grain and Feed Association and the American Feed Manufacturers Association.

Texas Pecan Harvest Tops Last Year's

AUSTIN—The news on the Texas pecan harvest, in a nutshell, is that supplies should be plentiful this year, Agriculture Commissioner Reagan V. Brown has announced.

Texas Crop and Livestock Reporting Service surveys released this month show that producers harvested 55 million pounds, more than double last year's 20 million pounds.

"It is normal for the size of harvests to fluctuate from year to year. This is the season for a large harvest, but with dry conditions this summer and insect activity in some areas, production is not expected to be as large as that of 1975, which was 68 million pounds," Brown explained.

KNOW YOUR FOOD

HOW LONG TO FREEZE FOODS?

Many times you've probably wondered just how long you can keep foods in your home freezer. This helpful chart will serve as a guide... clip it for future reference! Keep in mind, however, that it deals with freezers that maintain 0°F. or lower. The chart's source is the 1974 Yearbook of Agriculture from the United States Department of Agriculture. It should answer many of your questions!

SUGGESTED HOME STORAGE PERIODS TO MAINTAIN HIGH QUALITY FROZEN FOODS STORED AT 0°F. OR LOWER

Food	Months
FRESH MEATS	
Beef and lamb roasts and steaks	8 to 12
Veal and pork roasts	4 to 8
Chops, cutlets	3 to 6
Variety meats	3 to 4
Ground beef, veal, lamb & stew meats	3 to 4
Ground pork	1 to 3
Sausage	1 to 2
CURED, SMOKED & READY-TO-SERVE MEATS	
Ham—Whole, half or sliced	1 to 2
Bacon, corned beef, frankfurters	Less than 1
Ready-to-eat luncheon meats	Freezing not recommended
COOKED MEAT	
Cooked meat and meat dishes	2 to 3
FRESH POULTRY	
Chicken and turkey	12
Duck and goose	6
Giblets	3
COOKED POULTRY	
Cooked poultry dishes, slices or pieces covered with gravy or broth	6
Fried chicken	4
Sandwiches and cooked slices or pieces not covered with gravy or broth	1
FRESH FISH	
Shrimp and fillets of lean type fish	3 to 4
Clams, shucked, and cooked fish	3
Fillets of fatty type fish & crab meat	2 to 3
Oysters, shucked	1
FRUITS AND VEGETABLES, most	
Home-frozen citrus fruits and juices	8 to 12
MILK PRODUCTS	
Cheddar type cheese—one pound or less, not more than one inch thick	6 or less
Butter and margarine	2
Frozen milk desserts, commercial	1
PREPARED FOODS	
Cookies	6
Cakes, prebaked	4 to 9
Combination main dishes & fruit pies	3 to 6
Breads, prebaked and cake batters	3
Yeast bread dough and pie shells	1 to 2

Cow-Calf Clinic Set At Brenham For Producers

BRENHAM

For a healthy, happy and wise beef production program, farmers and ranchers are invited to participate in the south Central Texas Cow-Calf Clinic here Nov. 4.

The clinic will be held at the Brenham Livestock Auction and will begin with registration at 8 a.m.

Program topics are designed to provide cattlemen from throughout South Central Texas with the type of information needed to meet the challenges of today and tomorrow, points out Bill Thane, Washington County Extension agent.

The leadoff discussion will deal with the use of grasses and legumes in a year-round grazing program, presented by Dr. Monte Rouquette of Overton and Dr. Gerald Evers of Angleton, both with the Texas Agricultural Experiment Station.

Also on the morning program will be a discussion on herd health problems and recommended practices by Dr. Joe Bitter, veterinarian at Edna.

A barbecue lunch will be served at noon.

Of special interest to producers will be a discussion on the fast food industry that will kick off the afternoon program. The continued rapid growth of this industry will have a profound effect on beef production.

SOCIAL SECURITY

Question: I have Medicare and
I need to know how much I have
to pay when I go into the hospi-
tal.

Answer: You have to pay the
hospital "deductible" when you
enter the hospital. This amount is
presently the first \$124 of your
bill. If you have private insurance,
in addition to your Medicare, part
or all of this will very likely be
paid by your private insurance.

Medicare pays for all covered
hospital costs and services for a
stay of up to 60 days after the
first \$124 is deducted.

All the normal and usual hospi-
tal services are covered by Medi-
care except personal convenience
items like a TV or phone in your
room, private duty nurses, and ex-
tra charges for a private room
unless that is ordered by the doc-
tor for medical reasons.

Question: Do I have to be in a
hospital for my doctor bills to be
covered by Medicare? I have a
number of bills because of my
sickness, but I've not been in the
hospital.

Answer: No, it doesn't matter
where the doctor treats you -
whether in the hospital, in his of-
fice, clinic, or at home. The doc-
tor's bills are covered under Part
"B", Medical Insurance, in Medi-
care. Part B does not pay the
total bill from the doctor. The
first \$60 of doctor bills each year
are "deductible".

This means Medicare pays no-
thing in the first \$60 in bills.
After \$60 is deducted, Medicare
pays 80% of all the remainder
for the rest of the year. It is
possible that not all of the doc-
tor's bill will be recognized for
the purpose of the 80% Medicare
payment. Only "allowable char-
ges" can be recognized by Medi-
care. These allowable charges are
based on statistics showing the
charges made by doctors and med-
ical suppliers in this area in the
past year.

Question: I'm taking my bro-
ther, who is blind, to a social
security office to apply for SSI
payments. He has no income at
all, and I understand that it takes
quite a while for claims to be
processed. Is there some way he
can get payments without having
to wait a long time?

Answer: If your brother meets
all other eligibility requirements
and it is determined he will prob-
ably meet the social security
definition of blindness, he may be
able to get payments for up to 3
months while his blindness is be-
ing evaluated medically.

Question: Last year I did not
meet the \$60 annual deductible
required by Medicare Part B.
Can I count any of last year's
medical bills toward this year's
deductible?

Answer: Yes, under the "car-
ryover" provision of the medical
insurance part of Medicare, doc-
tor bills for October, November,
and December of one year may
count toward the \$60 annual ded-
uctible for the next year.

The carryover rule helps peo-
ple who might otherwise have to
pay the \$60 deductible twice in a
short period of time -- at the
end of one year and at the be-
ginning of the next year. Itemized
bills for covered medical serv-
ices should be attached to a fill-
ed-out Request for Medicare Pay-
ment form and sent to Medicare,
Group Medical and Surgical Ser-
vice, P. O. Box 22147, Dallas,
TX 75222.

McDermott-Walters Exchange Vows

Martha Lynn McDermott and Roger Britt Walters were united in marriage Saturday, September 24 at 7:00 in the evening at the First Presbyterian Church in Cameron.

Rev. Ernest L. Helsley performed the double ring ceremony. Furnishing the traditional wedding music was Mrs. Ernest L. Helsley of Cameron. The vocalist, Dan Thweatt of Houston and Maysfield, sang "O Perfect Love" and "The Lord's Prayer."

The bride is the daughter of Dr. and Mrs. Lyle McDermott of Cameron. The groom is the son of Mr. and Mrs. A. B. Walters of Orange.

Given in marriage by her father, the bride wore a formal A line empire gown of delustered satin with a val lace jabot, long lace-edged sleeves and a watteau train. Her veil was a camelot cap of venise lace embroidered with seed pearls from which extended the chapel length veil of bridal illu-

sion. She carried a nosegay of white roses and baby's breath.

Matron of honor was Mrs. Randall K. Terry of Cameron. Mrs. Martha Anderson of Atlanta, Georgia, sister of the groom, was bridesmaid. They wore identical gowns of cranberry satin overlaid with chiffon and carried nosegays of white cushion chrysanthemums and baby's breath.

Bill Larrison of Huntsville was best man. Murray McDermott, brother of the bride of Cameron, was groomsmen. Ushers were Jim McAdams, Freddy Sikes and Larry Fitzgerald of Huntsville.

A reception was held following the ceremony in the fellowship hall of the church. Gay Marburger and Gwyn Chancey of Cameron registered the guests in the bride's book. Other members of the houseparty included Lisa Martin, Toni Sikes, Lori Jones of Huntsville, Debra Dale of Bryan, Amy Woodard of Houston and Danna and Lorrie McDermott of Cameron.

Out of town guests were: Mr. and Mrs. Welton Smith, Mr. and Mrs. Carl M. Smith, Miss Ellen Smith, Mrs. Evelyn P. Jones, Mr. and Mrs. Don Lee and family of Dallas, Mr. and Mrs. Cliff Jones and family of Garland, Mr. and Mrs. Cecil Jones and family, Mr. and Mrs. Wally Eldred, Mr. and Mrs. William C. Black and Miss Beth Black all of Temple and Mrs. R. E. Biggs of Liberty.

A rehearsal dinner was given for the bride and groom by Mr. and Mrs. A. B. Walters, parents of the groom, on September 23 at Jeff's Ranch House in Cameron. The bride is a graduate of Yoe High and Sam Houston State University in Huntsville. She is employed as an inspector with the Texas Department of Agriculture. The groom graduated from Orangefield High School and holds a master's degree from Sam Houston State University and is affiliated with the University Department of Agriculture.

After a wedding trip to Arizona and New Mexico the couple will reside in Huntsville.

MR. & MRS. ROGER WALTERS

Couple Celebrates 40th Wedding Anniversary

Mr. and Mrs. John Gelner Sr. were honored with a barbecue dinner Sunday, Oct. 9 at the Marak Hall for their 40th wedding anniversary which is Oct. 12.

Mrs. Gelner is the former Julia Kuback. The couple was married Oct. 12, 1937 at Marak.

Members of the original wedding party attending this occasion were Angeline Gelner Simecek of Pasadena, Angeline Wilkier Gola of Taylor and John Hubnik of Cameron.

Guests attending were from Cameron, Taylor, Rockdale, Angerton, Pasadena, Texas City and Cleburne.

Mrs. Roy Wohleb of Cameron baked two-tier anniversary cake which was trimmed in yellow and green, the couples favorite colors.

Jackie Gelner, granddaughter of the couple, registered the guests. The couple's wedding party picture was placed on the register table.

The couple has two sons, Johnny and Billy both of Cameron and nine grandchildren.

Guests enjoyed listening to music, playing dominoes and just visiting and talking of the "Good Ole Days."

Hosts for the occasion were Billy, Caroline and family.

Double Ring Ceremony Unites Miller-Jistel

Patricia Anne Miller of Waco became the bride of Joseph George Jistel of Cameron in a double ring ceremony on October 8 in St. Louis Catholic Church in Waco.

Msgr. Mark Deering performed the ceremony. The music was furnished by Mrs. Spencer Gross of Waco and Phil Duckett of Waco was vocalist.

The bride is the daughter of Hamilton A. Miller of Waco and the late Mrs. Miller. The bridegroom is the son of Mr. and Mrs.

Richard P. Jistel of Cameron.

Given in marriage by her father, the bride wore a designer original ivory silk organza gown. A pearled, alancan lace trimmed the molded empire bodice, sheer yoke, victorian high neck, bishop sleeves, lace and hemline. The full chapel train was outlined in lace. A pearled lace cap held a lace edged tiered English illusion veil. She carried a cascade of English ivy with white roses and starburst poms with yellow baby's breath.

Maid of honor was Miss LeAnn Ervin of La Marque. Bridesmaids were Mrs. David Zeigler, sister of the bride of Waco and Mrs. Cathy Hearn of Waco. Maid of honor and bridesmaids wore a formal "A" line jade green nyesta gown, with long sleeves and ties to define the empire bodice. They carried nosegays of yellow jack straw poms, daisy poms and cushion poms.

Best man was Joe Trdy of Belton. Groomsmen were David Horning of Cameron, Alva Ray Mullinax of Houston and Darrell Schneider of Austin. Ushers were Allen Coleman of Rosenberg and Michael Trdy of Cameron.

After the wedding a reception was held at Grace Hall in St. Louis Catholic Church.

Marion Whisenhunt of Houston registered guests. Members of the houseparty were Lynn Litzman of Cameron, Mrs. Donnie Bruce of Waco, Mrs. Rusty Beals of Laguna Park and Mary Ann Harvey of Houston.

The bride graduated from Richfield High School in Waco and Southwest Texas State University in San Marcos. The groom is a graduate of Yoe High and Southwest Texas State University.

After a wedding trip to New Orleans, the couple will make their home in Austin.

MR. & MRS. JOHN R. BAILEY

Warner-Bailey Exchange Vows In California

Miss Wendy E. Warner and Lt. John R. Bailey exchanged wedding vows on Saturday, Sept. 10 at the Lancaster Presbyterian Church in Lancaster, California.

Rev. Kenneth Cragg officiated at the double ring ceremony. Music was provided by Blanche Ball, organist and Karen Kecker soloist.

Parents of the bride are Mr. and Mrs. Dudley A. Warner of Lancaster, California. The bridegroom's parents are Mr. and Mrs. Ben Hardie Bailey of Cameron. Grandparents of the couple are: Mrs. F. H. Miller of Toronto Canada, Mrs. Imogene Warner of Pasadena, California, Mr. and Mrs. Bob Bailey of Cameron and Mr. J. B. Luedke of Deenville.

Given in marriage by her father, the bride wore a gown designed by a Germany designer of formal A line white crepe and chiffon highlighted with alancan daisy lace which encircled the high round neckline and bodice; bishop sleeves with tiny pearl buttons on wide cuffs, accented by matching wide lace insert in the sleeves; daisy lace bordered the hemline which ended with a full wateau train. The floor length mantilla veil was held by a lace and seed pearl encrusted head-piece. She carried a bridal bouquet of white daisies, yellow roses and baby's breath.

Serving as matron of honor was Mrs. Donna Errea, sister of the bride. Bridesmaids were Kathleen

Warner, sister of the bride, Mrs. Carolyn Bailey, sister-in-law of the groom and Mrs. Susan Soffa.

Kimberly Buckman served as flower girl. Shane Miller served as ring-bearer.

Best man was Jimmy Bailey, brother of the groom. Grooms-men were Bruce Warner, brother of the bride, Charles Maddox of Cameron and Clark Lynn of Killeen. Ushers were John Errea and Paul Green.

Out of town guests were Mr. and Mrs. Bob Bailey and Mr. and Mrs. Emil Vaculin both of Cameron. Other out of town guests were from Pasadena, California and Canada.

The bride is a 1972 graduate of Antelope Valley High School, Lancaster, California and a 1975 graduate of San Diego State University, with a degree in recreation administration. She is currently employed as program director for the department of the Army Recreation Services in Babenhausen, West Germany. The groom is a 1971 graduate of Yoe High School and a 1975 graduate of the United States Military Academy in West Point, New York. He is currently serving as a first lieutenant with the U. S. Army, 2nd Battalion, 83rd Artillery in Babenhausen, Germany.

After a wedding trip to the Scandinavian countries of Norway, Sweden and Denmark, the couple will make their home in Babenhausen, West Germany.

ENGAGED - Mrs. Gertrude Miller of Ben Arnold announces the engagement and approaching marriage of her daughter, Monica Jean to Michael A. Huseby, son of Mr. and Mrs. Frank W. Huseby of Perry. A November wedding is planned at the United Church of Christ in Ben Arnold. Miss Miller is the daughter of the late Hugo Miller.

Miscellaneous Shower Honors Bride-Elect

Miss Renee Ann Krenek, bride-elect of Jerry Kenneth Mueck, was honored with a miscellaneous bridal shower at the Cameron community center on October 2.

Hostesses for the shower were Mrs. Frances Vogelsang, Mrs. Betsy Pagach, Mrs. Lucille Rubino and Mrs. Helen Williams. They presented a carnation corsage to the honoree.

Miss Mary Margaret Chandler registered the guests from a blue and white covered table which held a picture of the couple and a blue and white flower arrangement. Serving the blue and white cake squares and punch were Miss Marilyn Krenek, sister of the bride and Miss Denise Pagach, cousin of the bride. Nuts and mints were also served.

Assisting the bride with her gifts were Miss Laura Mueck and Miss Sandra Nunn.

Special guests were the bride-elect's and bridegroom's mothers Mrs. David Krenek and Mrs. Joe Mueck, also grandmother of the bride elect, Mrs. J. P. Krenek and Mrs. C. J. Roschetzky.

The couple plan to be married November 5 at St. Monica's Catholic Church in Cameron.

Clubs

ALCW Club

The American Lutheran Church Women of Abiding Savior Church held their quarterly meeting on Wednesday, October 5. Mrs. John M. Homerstad called the meeting to order which opened with a prayer and a song.

In lieu of the regular study lesson, the group saw a film entitled "JEREMY", shown by Rev. John Homerstad. Following the showing of the film, Mrs. Douglas Buck, educational chairman, conducted a discussion period on it with questions and answers on things to know and do about mental retardation. It was noted that love and acceptance by parents and the community are the most important factors for the individuals concerned.

Mrs. Homerstad conducted a short business session during which a report was heard bringing a most favorable financial gain resulting from the booth at the Arts & Crafts Fair held recently.

The plans for the birthday party for residents at the Colonial Nursing home with birthdays for October, were completed with Mrs. Felix Smolinski as chairman.

The group voted to hold a bake sale down town on November 18. The ALCW "thank offering" will be brought on Sunday, November 20 in connection with the regular church service.

Mrs. James Walthall, chairman of the nominating committee, gave her report and the following were elected by acclamation: Mrs. Don Obermiller, president; Mrs. James Walthall, vice president; Mrs. Harold Soefje, secretary; Mrs. J. A. Provasek, treasurer; Mrs. Douglas Buck, educational chairman; and Mrs. Felix Smolinski, stewardship chairman.

Following the meeting a social hour was held with the Morning Circle providing refreshments.

DECA Club

Because of the moving of our DECA President, Kenneth Jones, a re-election for DECA officers occurred; elected were: James Burnett, president; Stephen Anderle, vice president; Zeta Fall, sec./treasurer; Kathi Schigut, adv./promotions mgr.

James and Stephen will attend the Area Leadership Lab, Oct. 14 and 15 at Wimberly. The Lab is designed to help the DECA officers of the whole state to get together to share ideas and to have leadership programs to help aid in the development of better student-controlled activities.

RVOS Marak Lodge

RVOS Marak Lodge No. 13 will hold their annual meeting on Sunday, Oct. 16 at 1:00 p.m. at Marak Hall in Marak.

Members may pay their annual assessment at this meeting. Election of local lodge officers and delegates to the 1978 convention will be held.

All members and their families are urged to attend the meeting.

Conference Eyes Right To Food

The viewpoints of both religious groups and American agricultural producers on the "Right to Food" issue were presented Oct. 6 at the annual Town and Country Church Conference at Texas A&M University.

Both Rev. Arthur Simon, executive director of the Bread for the World organization, and Allan Grant, president of the American Farm Bureau Federation, agreed on one thing -- that the effort to provide food to the hungry people throughout the world depends primarily on "political will."

"Hunger is a public policy issue," contended Simon, whose organization advocates the involvement of the ordinary citizen in shaping governmental policies related to feeding the hungry. "By silence on public policy, we are actually driving people deeper and deeper into hunger. We must make our voices heard on policy relating to the world food and hunger situation."

"Political will is the key to dealing with the world hunger situation," emphasizes Simon. "Offering time, ability and influence as a citizen to bring about political changes will solve the world food problem."

Simon noted that Bread for the World now has some 20,000 members and is working toward helping of this country use their citizenship more effectively. He said that the organization attempts to draw on the faith and lives of Christians to stimulate them to add to the monetary support already being provided through drives by various religious groups.

Simon also pointed out that his organization played a key role in drafting a "Right to Food" resolution that was recently approved in Congress. The resolution affirms the right of all people to an adequate diet.

Why the "Right to Food?"

Simon gave five supporting responses:

- The "Right to Food" is rooted in the value God places on human life.
- It is rooted in the fact that we are our brother's keeper.
- It is linked to the fact that the earth is the Lord's and we are His stewards.
- It is imbedded in the Bible, in which everyone is asked to help the poor.
- It is espoused in the Declaration of Independence, in the "right to life, liberty and the pursuit of happiness."

The religious leader emphasized that church groups must continue to get involved in politics to lead such causes as the "Right to Food."

"The church staying out of politics would be like turning much of life over to the devil."

Grant, leader of the nation's largest farm organization, emphasized that "American agricultural producers are concerned about world hunger but do not have a guilt complex. They produce mountains of food each year and are quite efficient at it. Agriculture is this nation's greatest success story."

Grant noted, "Far more hunger is caused by political decisions than any of nature's calamities. The situation of world hunger is an emotional issue that produces shallow answers to long-range problems."

THESE FIRMS AND INDIVIDUALS ARE SEASON LONG YOEMEN SUPPORTERS

Yoe Braces For Rosebud-Lott Contest Friday

By Mike Peck

The Cameron Yoemen, hot off an 18-16 upset of the Elgin Wildcats, find it hard to rest easy this week, as they look toward their meeting with the Rosebud-Lott Cougars this Friday night at Cougar Field.

The Cougars are not to be underestimated as they enter the contest with a 3-2 season record, and 1-1 on the district charts. Their two losses being to the Marlin Bulldogs in the season opener, and the Elgin Wildcats in their opening district clash. Of their three victories, two have been over triple A contenders West, and Gatesville, while the third came last week in 23AA district action, as the Cougars managed a narrow 17-14 win over the Caldwell Hornets, the Hornets ranked

number 1 in preseason top ten 2A teams.

In season standings the Cougars hold a slight edge on the Yoemen in the points scored category as the Cougars have scored 69 points thus far while the Yoemen have tallied 62. The Yoemen on the other hand hold the defensive edge allowing only 59 points while the Cougars have allowed their opponents 63 points.

"They like option football," were the words of Yoemen head coach Max Graham as he spoke of the Cougars offensive attack. Graham cited Cougar Quarterback Mark Hilliard as being a strong part of the Cougar offensive machine as he likes to keep the ball and run. Graham also cited fullback Raymond Mannone, left halfback Wayne Brooks, and tight end Sherrick Johnson as key counterparts to the Cougars offense. Graham said "their offense is much like ours in that they like to keep the ball on the ground." You can bet the Cougars offense will be strong, as they wield six offensive starters from last season, along with Mannone and Johnson, are guard Johnny Hahn, center Mike Chandler, halfback James

Judie, and split-end Preston Tindle.

Defensively the Cougars are sound, as eight defensive starters have returned from the "76" season. Tindle, Johnson, Chandler and Mannone head the list of starters to return to the defensive lineup, while halfback Jerry Thornton, safety Scott Warren, and linebacker Lloyd Warren also return. The Cougars will run a 6-2 defense somewhat similar to that of the Yoemen.

The Yoe offensive lineup should remain as it has all season, with quarterback Wayne Steamer calling the signals for the Yoemen, while David Rosemond and Dean Lewis will alternate at the halfback position, Lewis rolling up 114 yards in 22 carries in last week's Elgin upset, while Rosemond sprinted 58 yards for the first Yoemen touchdown. Wingback Curtis Wise, fullback Errol Spells, center Albert Hanel, guards Gary Lewis and Charles Harde-man, tackles Thomson and Jimmy Zalesky tight end Ronald Cobb and split end Roderick Kelley will round out the Yoe offense.

Defensively the Yoemen will go with the old faith-

fuls, Jimmy Zalesky and Ray Riley at tackles, John Schmidt and Nathaniel Whitfield at ends, Stephen Hollas and Chris Jenkins at inside line-backer, Errol Spells and Billy Pittman at halfbacks, safeties Rosemond and Steamer and center Hanel.

As two double A teams the Yoemen and the Cougars couldn't be more alike, at any rate the outcome won't be known and the Yoemen won't rest until the final buzzer has sounded.

Volleyballers Post Wins Over Hearne, Elgin

The Yoe High girls volleyball teams began district competition by posting big defeats over District 23AA foes Hearne and Elgin.

In the match against Hearne, the junior varsity allowed Hearne to score only 2 points in 2 games and came out big winners with scores of 15-0 and 15-2. The entire JV squad saw action in this match with Denise Kelley and Maria Capers sharing high point serving honors with 10 points a piece.

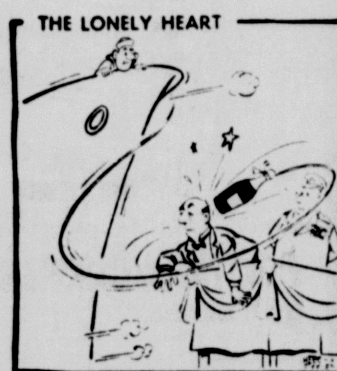

The varsity also defeated Hearne by scores of 15-5 and 15-2. Laura Delony was high point server with 10 points. Tulullah Green added 8 and Pam Kimbrel 5.

The girls traveled to Elgin Thursday night and again posted big wins. The JV won 15-11 and 15-4. Renee Hillman did an outstanding job at the serving line getting 14 points to her credit. Angela Swain added 7 and Cindy Crouch 5.

The varsity defeated the Elgin Wildcats by 15-0 and 15-0. The girls used a balanced attack of excellent serving, setting and spiking. Pam Kimbrel had 9 points. Vicki Brashear 7, Evelyn Pittman and Delony each had 4, and Green and Kim Fritz each had 3.

The big wins boost the JV record to 10-1 for the season and 2-0 in district. The varsity record is an impressive 15-1 for the season and 2-0 in district.

The next district opponent is Caldwell on Tuesday night at Yoe High gym with freshmen starting at 5 and the JV and varsity games following.

Legal Notice

The Central Texas Manpower Consortium, consisting of the counties of Bell, Coryell, Hamilton, Lampasas, Milam, Mills, and San Saba, may receive funds from the U.S. Department of Labor under the Comprehensive Employment and Training Act (CETA), to provide employment and training services to various segments of unemployed, low-income, and in-school youth in the geographic areas detailed above.

The law requires that certain agencies and organizations receive notification of various actions or contemplated actions during the planning and implementation processes. These notifications may involve the solicitation of applications for subcontracts, requests for cooperation, opportunity to review grant and project applications and other similar items. Agencies and organizations which may be required to receive notification include, but may not be limited to: State Agencies, Labor Unions; Neighborhood Organizations organized at the local level to operate employment and training programs; Community Based Organizations which are representative of a community or of a particular segment of a community and which provide employment and training services; local Education Agencies which are public authorities legally constituted within a State for either administrative control over, direction of, or service to public or elementary or secondary schools; units of local Government; and Educational Institutions.

In an attempt to identify all possible agencies and organizations which are interested in receiving notifications of youth programming activities, the Central Texas Manpower Consortium is requesting that interested agencies and organizations send a letter requesting to be put on the notification mailing list to:

Central Texas Manpower Consortium, P. O. Box 727 San Saba, Texas 76877

Transmittal of a letter will guarantee only that an agency or organization will be notified of various activities. The letters should be sent as soon as possible, but no later than October 17, 1977.

These programs will not be implemented until after January 1, 1978. Individuals who need employment or training services are encouraged to contact the local Manpower Office of the Central Texas Manpower Consortium.

sports

Freshmen Top 'Cats In 21-18 Thriller

The Cameron freshmen are now 2-0 in district play following their defeat of Elgin Thursday, and season record is 4-0-1.

Cameron took the opening kickoff and was not able to get their offense going and was forced to punt. Elgin received the punt on about the 30 yard line. The first play the Wildcats fumbled and Allen Lindeman, the Yoe's inside linebacker, recovered.

Cameron couldn't hold on to the ball and gave it back to the Wildcats, whose quarterback ran 90 yards for the first Elgin score. The extra point failed and the score was 6-0. The Yoemen took the kickoff and drove down to about the 50 yard line. Billy Lowe threw a touchdown pass to Jeffry Gelfner and James Mondrik kicked the extra point.

At the end of the first quarter the score was 7-6 with the Yoe ahead. Elgin after going no place on the

Yoemen defense punted to the Yoe and Cameron took over at the 25 yard line. The Yoe fumbled after a few plays and the Wildcats recovered. Their quarterback took the ball in to score and the extra point failed.

Cameron drove to about the 45 yard line and Billy Lowe threw a 55 yard touchdown pass to Brent Duncan, with Mondrik kicking the point. The half ended 14-14 with the Yoe ahead.

In the second half Yoe kicked to Elgin and the Wildcat runner almost broke it for a TD. Elgin drove down and ran it in from the 6 yard line, and the third quarter ended 18-14 with Elgin ahead.

Cameron got a good drive going getting to the Wildcats 3 yard line. On fourth down Rusty Crummer ran it in from the one yard line and again the point was kicked by Mondrik with Allan Bapp holding. The final score was 21-18.

Place your seed order now and get this sturdy, permanent pressed jacket. Rich green color coordinates with free cap for yield reports.

Burlington San Gabriel News

By Mrs. Gerald Foshea

Our community get together will meet on Thursday night Oct. 13 at the Burlington Recreation Hall. A covered dish supper will be served at 6:30 and games of dominoes and skat will follow supper. Hostesses will be Mrs. Frank Johnson and Mrs. Herbert Englerock.

Mrs. Rosie Buegeler visited her son, Mr. and Mrs. Phil Buegeler and family of Freeport, recently and also visited a new grand daughter while there.

James Futschik of Austin spent last week end with his parents, Mr. and Mrs. Jake Futschik.

Mr. and Mrs. Bernard Klepas of Houston visited Mr. and Mrs. Otto Mayer last Tuesday.

Mrs. Ida Ethridge and Mrs. Laurence Kostrum of Cameron had dinner with Mr. and Mrs. Otto Mayer last Wednesday.

Mr. and Mrs. Gerald Foshea spent Sunday evening with Mr. and Mrs. Rudy Klepac and family of Pendleton.

Joy and Sharon McCollum of Waco visited Mrs. J. T. Prescott and Jake on Sunday evening. They spent Saturday night with Mrs. Julia McCollum of Cameron.

The Burlington Cemetery Association met last Monday night at the home of Mr. and Mrs. W. G. Marek with 5 present.

Mr. and Mrs. J. T. Marek of Lewisville, Joe H. Marek and Marjorie Marek of Houston spent last Saturday night with Mr. and Mrs. W. G. Marek after attending the Marek reunion at Buckholts hall.

Mrs. Donnie Mae Doskocil visited Mr. and Mrs. Englerock and Lealand while on Sunday evening.

Mrs. Herman Juergens hosted the 42 club on Tuesday afternoon.

Sister Genesis

SPRITUAL READER AND ADVISOR
If you have been praying for God's help, NOW YOU HAVE FOUND IT. Sister Genesis is truly born. You can conquer evil influences and bad luck by Sister Genesis's blessing and prayers. Do not classify her with fortune tellers or false healers. She guarantees to help you no matter what your problem may be. She will tell you what you want to know about friends, enemies or rivals. How to overcome them; whether husband, wife or sweetheart is true or false. How to gain the love you most desire, and how to rid yourself of evil influence and bad spells. This great lady succeeds where others fail. She is not false. She has devoted her lifetime to help those who need help. If you have been to others and failed, Sister Genesis asks a few moments of your time to prove that she is the only one who can help you with your health, happiness, or love, business, courtship, marriage, divorce, lawsuits, etc. If you are suffering from disease, sickness or harmful habits, see her for help. She will tell your lucky days. She comes from the far corners of India. She guarantees that she will restore your lost nature.

Her work is fully guaranteed in 3 days. A free prayer cloth will be given with each reading. 8:00 a.m. - 10 p.m. - Daily & Sunday

'Don't Get Stuck' Is Denim Slogan

"Don't get stuck with imitation jeans" is the slogan behind the latest campaign by Cotton Incorporated to let consumers know to look for 100 per cent cotton denim.

With the advent of blended jeans, Cotton Incorporated launched a major advertising campaign with a message emphasizing the need for consumers to check the label to be sure they get real 100 per cent cotton denim.

VA Increases Efforts For Handicapped

VA Administrator Max Cleland, himself a triple amputee, today expressed pride in his agency's efforts to increase employment of handicapped persons and urged all elements of the Veterans Administration to redouble their efforts "to accord our disabled citizens their full rights."

Noting that National Employ the Handicapped Week will be observed from October 2-8 this year, Cleland said he was pleased that the agency afforded "excellent opportunities for advancement" to its 4,499 handicapped employees.

"The number of promotions, awards and commendations earned by our handicapped employees is indicative of the effectiveness of these individuals in the performance of their jobs," he said.

He pointed out that in the past year, 1,627 handicapped VA employees received promotions, 344 earned salary increases for high quality performance, 52 received outstanding performance awards, 447 received individual or group awards and 95 were awarded special commendations and citations.

Cleland said the wide range of jobs held by handicapped VA employees "illustrates the kind of opportunities we can open up to them

"Commercial have been used on sports telecasts and youth-oriented television programs," says Charles Lapidus, Cotton Incorporated director of merchandising. "We are emphasizing in our campaign that if the consumer wants the performance he or she has come to expect from denim, then the consumer had best stick with 100 per cent cotton.

"Comfort, durability, softness, shrinkage control, the traditional look or the neat look -- we are letting consumers know they can get all this in 100 per cent cotton denim and anything less than 100 percent won't give consumers the satisfaction they are accustomed to," adds Lapidus.

Cotton Incorporated is the fiber company of American cotton producers. As a new twist to the campaign, Cotton Incorporated marketing experts are supplying retailers with stick-on labels for jeans that proclaim "This Is Real 100% Cotton Centim."

"Our problem in making the consumer aware of the imitation jeans is that manufacturers of blended jeans are not promoting the fiber content of their jeans," says Lapidus. "In most cases, the fiber content of the blended jeans is written in small print on the product.

"We wanted a way to let the public know when he or she is getting the real thing in denim. So we came up with this sticker that the retailer can put on the jeans."

Cotton Incorporated has been touting the stick-on labels with advertising in major trade publications. The advertisement encourages retailers to write Cotton Incorporated for a large supply of labels, and it advises them, "Use this new label and don't get stuck with imitation jeans."

So far, the campaign has generated a lot of enthusiasm among retailers, says Lapidus. "Over four million stickers and hang tags will be in the marketplace by November."

Punch was served by Mrs. Margot Limmer. Mints were also served. Others helping with the shower were Mrs. Callie Roark, Mrs. Richard Heine, Mrs. Minnie Stegall, Mrs. Evelyn Terry, Mrs. Millie Anness, Mrs. Erma Garner, Mrs. Margaret Lee Gifford, Mrs. Juanita Beason and Mrs. Isabell McDaniel. Mrs. Melba Caffey of Salty spent Thursday with her parents Mr. and Mrs. Jim Stewart. Mrs. Buddy Limmer

visited her sister Mrs. Martha Zapala and brother Johnny Roepke of Round Rock Tuesday. Mrs. Guinn Gifford and Mrs. W. McDaniel were at the Town and Country Club Thursday afternoon at the home of Mrs. Imogene Fischer of Salty. Leo Roepke of Hare had supper with his sister Mrs. Buddy Limmer and Mr. Limmer Tuesday night. Mrs. Betty Stigall and Michelle of New Braunfels visited Mr. and Mrs.

William Stigall Friday night and Saturday. Mr. and Mrs. Richard Heine Darren and Davin were at the fair in Waco Saturday. Those visiting in the home of Mr. and Mrs. W. McDaniel this week were Mr. and Mrs. Billy Green, Mrs. Hazel Clark, Mrs. Billy Hope Baranosky and son David and Mrs. Bertie Adams all of Houston. Mrs. Adams remained for two weeks to visit with her niece and husband. Sunday visitors were their children, Mr. and Mrs. J. C. Payne, Michell, Robby, Calvin and Shelton and Mike Baird all of Round Rock. Ryndell Brown and son of Houston also were visitors Saturday afternoon.

Diane Northcott and some friends of Austin spent the week end in California sightseeing and visiting. They will return back to Austin Tuesday. Mr. and Mrs. Eldo Sommerfelt attended the wedding of Weiser and Hengst at the St. John's Lutheran Church Saturday night.

Mr. and Mrs. Gene Northcott and Mr. and Mrs. Gary Northcott, Miss Diane Northcott and some friends of Austin had supper in Austin Saturday night before Diane and friends went to the airport where they boarded a plane for a weekend trip to California sightseeing and visiting. They will return to their jobs Tuesday.

Calvert City Council Takes Action On Cable TV, Sewer Project

The Calvert city council meeting in regular monthly session granted a cable TV rate increase for Western Cable. After a discussion with Barron, Hickman made the motion, seconded by Robert Comfort, to grant an increase to Western Cable for the first hookup from \$6.50 to \$7.50 per month effective November 1. All installation charges and hoop ups will remain the same. Wesley Hamff of O-

Mally and Clay, Inc. met with the council to discuss the step one project cost of the EPA sewer project. He explained why the total amount of step one be amended to cover additional engineering cost of \$12,381 to include infiltration info cost, probably by smoke bomb test. If this government grant is secured, the city will pay 25% and the grant

will be for 75%. Anderson asked the council to comply with the Highway Safety Act to improve railroad crossings. The State will mark the crossings and the city will maintain them in the future. The Council agreed to comply with the request.

A report was given on the progress being made on the sewer project in the southwest and west part of Calvert.

The secretary reported that Workmen Compensation had been secured with the Texas Municipal League.

The word corn originally referred to all the grains that were used as food for men or horses.

Calvert News

Cecelia Conitz Heinrich Blue Clouds rolled in from the north and turned into gray. Air conditioners have been turned off and windows pulled down as Calvert residents brought out blankets and heaters. It's hard to believe that the temperature has finally dropped after so many

days of uncomfortable heat. With early snowfalls and record breaking cold temperatures for so early in the year, perhaps those who enjoy trips to the mountains for such sports as skiing will enjoy a more favorable year than last winter.

For others, this is nice weather to get inspired and start to make Christmas gifts with a personal touch, or to finalize winter preparations around the house. Personally this seems to be a great time to put a recliner near a fireplace, turn on the "soap operas" on TV, open a book of poetry, and munch on crisp apples, while the dogs sleep at my feet and the cat purrs from her perch above my shoulder.

It was mistakenly reported that Sammy Ray Pickle was killed near Milano. He was auctioneering near Milano but the accident occurred while he was on horseback near Cayuga just out of Austin. He was the nephew of V. I. Pickle of Calvert.

Despite the loss of the game and some injury to players, the enthusiasm displayed during the Calvert-Mart football game was good to see. The game was interesting and Mart brought a good crowd of supporters to cheer their team on. Their clapping, cheering, and music was met and matched on the Trojan side of the field.

Mrs. Cooper Wiese spent a week in Denver, Colorado visiting her daughter Ellen and son-in-law, Dr. and Mrs. James Brien, and their children, Amber and James Cooper. Dr. Brien, the son of G. P. Brien of Calvert, is doing his residency at Fitzsimons Army Hospital.

Mrs. Vivian Nunlee spent Monday through Thursday in Garland where she visited Nelda and Billy Klawetter and children.

Gloria and Richard Homeyer of Abilene visited Monday through Thursday in Calvert with Doris and Becky Strelec, Joey, Theresa and Joanne Barker.

Mr. and Mrs. J. W. Foster, Jr. and Bob and Dorothy Foster have just returned from a trip to California. They went to Yellowstone National Park, where the roads were closed due to snow after they went through. They also were in Salt Lake City and Lake Tahoe and spent a week in San Francisco visiting Perry Foster and his wife. Bob and Dorothy spent that week in San Mateo with their son.

Huse and Tom Riddle of Bergen, Norway were visitors in the home of Mattie and "Tannie" Pickle. During their visit, the couples were together to celebrate birthdays for both Huse and Tom for the first time in ten years. Cake and ice cream were served during the celebration. A figure of a golfer was placed on top of the cake for Huse.

The Calvert Womens Club will meet Thursday Oct. 13 at 4 p.m. Mary Alice Woods, Mattie Pickle, and Lillian Gunn will be hostesses. Virginia Field park was the meeting site for the Victorian Society in America, Sunday Oct. 9.

The purpose of this meeting was to organize a state chapter. Further details about this meeting and this organization will be available next week.

Mrs. Paul Porter was in Cameron Saturday to visit her sister, Lois Randolph.

Eimer Hanhart Jr., his wife Gina, and their daughter "Ceel" of Leander and Susan Farley of Laurie Cedar Park were Sunday visitors in the home of Mrs. Bertha Hanhart.

Herman Yezak of Bremond and Irvin City of Calvert attended the Texas Reunion of the 88th Infantry Division Association in College Station Saturday October 8. The 50 members attending ate, visited, and viewed pictures on World War II in Italy.

Mrs. Josie Henson and five members of her immediate family were among the approximate 100 people attending the Seale-Roundprairie Homecoming which is held the first Sunday of each October. This year's homecoming was held Sunday October 2 with a picnic style dinner and visit to the cemetery located there. There is a pie supper and an old-fashioned box supper.

"Barefoot In The Park" is the play currently being presented by the Calvert Hotel Players. This play does have several people from Calvert in the cast, for those who like to see local people perform.

GAUSE

By Mrs. Wanda Lee Remember the 4-H Club will have barbecue plates to sell for \$2 a plate Saturday. It can be bought at Coats Grocery. At the same time there will be a bake sale. Then Saturday night there will be a talent show sponsored by the 4-H Club at the community center beginning at 7:30 p.m.

Anyone wishing to be in the talent show may do so by contacting Wanda Coats, Mrs. Ezra Johnson or me, as soon as possible. The proceeds from these activities will go toward the Mr. and Miss Milam County 4-H. Pam Kornegay and Ray Coats are representing Gause in this contest.

George Bland is in Scott and White Hospital in Temple where he had major surgery Thursday. Sam Harris and sons of Houston spent the week end with Mrs. Lillie Harris.

Funeral services were held at the Church of Christ in Hearne Sunday afternoon for Mrs. Beulah Kirk Riggs, who passed away in a Houston hospital Friday. She had had major surgery a couple of weeks ago. Burial was in the Gause Cemetery. Survivors include a son and a daughter, one sister, Bertha Wood of Hearne and one brother, Oble Kirk of Hearne.

Plans are well under way for the annual school Halloween play and carnival, which will be held on Saturday, October 29. Make your plans to attend.

Mrs. Brunell Todd is home after spending several days in a Cameron hospital.

Mr. and Mrs. Raymond Slay were in Temple last Monday for Mr. Slay to have his medical check-up at the Veterans Hospital.

Alfred and Wanda Coats, Ray and Kevin, Staci Hux joined Wayne, the children and myself for a weekend outing at Marina Camping Village out from Trinity this past weekend.

Mr. and Mrs. Louie Lange spent several days visiting in the Gary Clos home on Lake Livingston. They also visited with Mr. and Mrs. Jack Lange and family at their lake home.

CARD OF THANKS

We wish to express our deepest gratitude to all our friends and neighbors for flowers, food, cards of sympathy and memorials sent at the time of the loss of our brother and uncle, W. H. Krause. A special thanks to the St. Edward's Hospital and Colonial Nursing Home staffs, Dr. Richardson and Green's Funeral Home. It is such a comfort to know so many people share our loss.

The family of
W. H. Krause

Thanks for remembering me with cards, flowers, and so forth during my recent stay in the hospital. This is a time when friends are really helpful for a speedy recovery.

White House Report

FROM: The Media Liaison Office
The White House

The President has announced Administration proposals for dealing with the problem of undocumented aliens in the United States.

1. SUMMARY OF THE PRESIDENT'S PROPOSALS

The President's proposals cover these areas: employer sanctions, border enforcement, foreign policy, temporary workers, and immigration.

1) Employer sanctions:

-- A law is proposed which would make unlawful hiring of undocumented aliens. Enforcement would be limited to employers who engage in a "pattern or practice" of hiring undocumented aliens. The law would provide injunctive relief and civil fines up to a maximum of \$1,000 per alien. An employer who violates any injunction would be subject to a contempt citation and imprisonment.

-- The U. S. Attorney General would be authorized to establish identification standards for prospective employees. Under the law, employers who show that they examined any of the designated identifiers would not be liable, nor would they be required to verify the authenticity of the identification.

-- Social Security cards would be designated as one of the authorized identifiers, and the Sec-

retary of the Department of Health Education, and Welfare will take steps to make the card a more reliable indicator of lawful residence status.

-- Criminal penalties could be applied for receiving pay for knowingly assisting an undocumented alien obtain a job.

-- The Federal Government would increase enforcement of the Fair Labor Standards Act (FLSA) and the Federal Farm Labor Contractor Registration Act, and both civil and criminal penalties for FLSA violations would be used more frequently.

-- Cooperation and information exchanges between the Immigration and Naturalization Service (INS) and the FLSA enforcement personnel would be improved.

-- The Federal Government would oppose strongly discrimination against Mexican-Americans and other ethnic Americans that might result from the undocumented alien program, and federal civil rights agencies would be ordered to assure that existing anti-discrimination protecting Hispanic Americans and other ethnic Americans are fully enforced.

-- The proposed law on employer sanctions would pre-empt state and local laws prohibiting the hiring of undocumented aliens.

Questions and Answers On Employer Sanctions

Q: How would the HEW Secre-

tary make the Social Security card a more reliable indicator of lawful residence status?

A: Proof of legal residence, as well as a personal interview would be required before a Social Security card could be issued. Also, the cards would be made more difficult to forge.

Q: Would the Social Security card be used as a national identification card?

A: No. The President is not proposing a national identification card.

Q: Why the criminal penalties for knowingly assisting an undocumented alien in obtaining employment?

A: This is aimed at "brokers" for undocumented aliens and is meant to make it easier to prosecute agents for smugglers. It also is aimed at supervisors who sometimes threaten to report undocumented aliens unless they are given a fee from every paycheck.

Q: Why would the proposed federal law pre-empt state and local laws?

A: Three cities and 12 state have passed laws prohibiting the hiring of undocumented aliens, and 15 states and some cities have legislation pending. The measures differ widely. The pre-emption would eliminate confusion and uncertainty and insure a uniform and comprehensive policy.

2) Border Enforcement

-- Enforcement personnel at border areas having the highest rates of undocumented alien crossings will be increased by 2,000.

-- The State Department will strengthen its visa issuance procedures abroad to provide for better pre-screening. This will include an increase in anti-fraud action and screening procedures and a new system of issuing more secure visas.

-- An anti-smuggling task force will be formed within the Administration to reduce alien smuggling rings.

-- The Administration will support legislation which is presently pending to establish criminal penalties for knowingly using false information to obtain federal identification documents and for knowingly possessing fraudulent documents that would be used to obtain any federal documents.

Questions and Answers On Border Enforcement

Q: Why is such strong stress being placed on border enforcement?

A: Although statistics are difficult to come by, it is estimated that a large majority of the undocumented aliens in the United States have come here via crossings on the Southwest border with Mexico.

Q: In Fiscal Year 1976, some 1,700 of the Immigration and Naturalization Service's 2,000 officers were located in the Southwest border area. Isn't that enough?

A: No. The numbers look impressive, but when the personnel is stretched out over a long border area it comes down to 200 per shift or one patrol person every 10 miles.

3) Adjustment Of Status

Cameron, Texas, Herald, October 13, 1977

-- Permanent resident alien status. Will be granted to all undocumented aliens who have resided continuously in the United States from before January 1, 1970, to the present. These aliens would have to apply for this status and provide normal documentary proof of continuous residency. If residency is maintained, U. S. citizenship could be sought five years after the granting of permanent status, as provided in existing law.

-- The permanent resident alien status would be granted through an update of the registry provisions of the Immigration and Nationality Act. The registry statute has been updated three times since 1929, with the last update in 1965, when permanent resident alien status was granted to those who had resided here prior to 1948. Presently, anyone who came before 1948 can apply for permanent resident alien status.

-- Temporary resident alien status. All undocumented aliens, including ones whose legal stays have expired, residing in the United States on or before January 1, 1977, and who register with the Immigration and Naturalization Service, would be granted a new temporary resident alien status for a 5-year period.

-- Persons granted temporary status could remain in the United States for at least five years, and during this time a decision could be made to extend the permitted stay, to grant permanent resident alien status, or to deport upon expiration of the five years.

-- Those granted temporary resident alien status would be allowed to work and would have one year to apply for the new status. However, they could not have political or civil rights to vote, run for office or serve on a jury and could not bring in family members from abroad.

-- People on temporary alien status would not be eligible for Federal Social Services such as Medicaid, Food Stamps, Aid to Families with Dependent Children (AFDC), or Supplemental Security Income. State and local governments could provide general assistance if they chose.

-- For undocumented aliens who entered the United States after January 1, 1977, there would be no adjustment of status. The Immigration laws would still be enforced against those undocumented aliens. They would be subject to deportation.

-- Those undocumented aliens who are eligible for adjustment of status, but do not apply, would continue to have the immigration laws enforced against them.

4) Foreign Policy

-- The United States would be committed to helping source countries obtain assistance appropriate to their economic needs and would explore with them bilateral or multilateral assistance. In other cases, technical assistance, or encouragement of private financing, enhanced trade or population programs would be involved.

5) Temporary Workers

-- The present temporary foreign worker (H-2) certification program would be thoroughly reviewed to guarantee that employers always have an available labor supply. Efforts would be made to improve the efficiency of the program. The President will not recommend a bracero-type program for the importation of temporary workers.

6) Immigration Policy

-- There will be comprehensive interagency study of immigration policy and laws.

-- The Administration will support legislation to increase the current 20,000 person limit on annual Mexican and Canadian immigration to combined 50,000.

NEWS OF HEALTH

Vitamin C And Smoking

According to a Canadian Nutrition survey, most people who smoke a pack or more of cigarettes a day have difficulty in maintaining normal vitamin C blood levels. In fact, the study, made by Canada's Bureau of Nutritional Sciences, indicated that the vitamin C blood levels of smokers who consume 20 cigarettes or more a day were as much as 40 percent lower than non-smokers. Conducted over a two-year period and covering a cross-section of the population ranging in age from 20 to 64, the study suggests that smokers supplement their normal vitamin C intake to compensate for the deficiency brought on by smoking.

Until recently, supplementing vitamin C was not as simple and convenient as it may sound. Research indicates that regardless of the amount of vitamin C one takes, the body utilizes what it needs at a particular time, and the excess is expelled in the urine. Consequently, drinking orange juice in the morning and taking a vitamin C tablet will not necessarily fill the smoker's ascorbic acid requirement throughout the day.

Modern technology may have found a possible solution for the smoker in the timed release method of capulation. Timed release vitamin C capsules gradually release vitamin C in your body over an eight-hour period so smokers can have a hedge against vitamin C when they need it most.

Smokers can receive a free month's supply of C-Tain, the timed release vitamin C capsules, by writing to Consumer Information Service, Vitamin Quota Corporation, 21 Henderson Drive, West Caldwell, New Jersey 07006. Enclosed 50 cents to cover postage and handling.

By Chris Holcombe
County Extension Agent

With cooler weather in the air, our thoughts turn to the approaching holiday season. So make your calendar for November 9 and 14. These are big letter days for Milam County homemakers. These are the two dates for our holiday magic programs.

They will be presented at 2 p.m. at the Cameron Community Center at 704 W. 6th Street in Cameron. Food, decorations, and gift ideas for the holiday season will be the theme. Program participants will include Mrs. Natalia Moscarilla of the Party House in Austin and a variety of area home economists. So mark your calendar for these two red letter days.

BOOTS FOR FALL

Step into boots this fall -- in fashion and with warm, dry feet. Boots lend the finishing touch to any costume -- skirts, dresses, gauchos, or pants.

Boots are usually expensive, so consider them an investment and choose style, height, fabric and color with PURPOSE in mind. To wear from season to season, select a classic style and a basic or neutral (earth-tone) color. For fashion wear, style is probably the first consideration, and for functional boots, look for quality -- in both construction and fabric.

While suede or leather boots may be the most comfortable -- because natural fibers "breathe" boots made of rubber or vinyl are more water resistant, especially those that are molded without seams.

However, suede and leather can be treated -- at the factory or at home -- to repel water. Special sprays will shed light rain and snow (but heavy rain and snow will generally soak through.)

For greater warmth and dryness, boots should be securely stitched, sturdily made, and lined.

Smooth tricort linings make a boot easy to pull on and off and

may provide adequate warmth for mild winter weather. Pile linings provide greater warmth; the denser the pile, the greater the warmth.

Pile may be wool or synthetic. Synthetic linings may be more durable, but are not as absorbent as wool, often leaving feet with a clammy feeling.

Boots with ridged or skid-resistant soles, whether leather or synthetic, are safer on ice and snow. Avoid smooth soles.

To assure fit, try on both boots. Sizes vary from brand to brand. Be sure that boot tops provide width for your calves, whether pull-on or zip-up styles.

Pile-lined boots may fit more snugly; you may need a slightly larger size.

Also remember in selecting boots: -- trim and ornaments should be firmly attached; back seam should be centered and firmly stitched; zipper closure should work smoothly and have a protective placket underneath; and inside should be free of rough spots, wrinkles, bulky seams, or loose threads.

Demo Drive To Raise Funds For Tower's Defeat

Citing the need to defeat Republican John Tower, Texas Democratic Party Chairman, Calvin R. Guest, today announced the beginning of a grass-roots Dollars for Democrats drive. Guest said that the drive is designed to raise a lot of small contributions from a lot of Democrats.

"Our number one priority is defeating John Tower and replacing him with someone who will represent the majority of the people of Texas," said Guest, "to do this we Democrats have to really begin working on voter registration, campaign workshops, and party recruitment programs."

Guest said that the State Party will telephone over 50,000 Democrats throughout the State

Escape Plan Vital In Case Of Fire

"Imagine that the time is 2:58 tomorrow morning," says Dr. Gary S. Nelson, safety engineer with the Texas Agricultural Extension Service. "You and your family have gone to bed as usual and everyone is sound asleep."

A flame flickers in the living room -- the beginning of a fire that will seriously damage your house. Minutes pass. The fire grows. At 3:13 a.m., you are awakened by the sound of coughing. You feel uncomfortably warm. You smell smoke, and suddenly you are wide awake with the realization that the house is on fire! You shout "Fire!" and arouse your spouse. You open the bedroom door with the intention of waking the rest of the family. The hallway is a sheet of flame and you are barely able to close the bedroom door.

What will you do next? asks Nelson. What are other members of your family doing at this very minute? Your son--your daughter--and your mother--each in a separate room?

At 4:19 a.m. the fire is out. A costly accident -- \$5,000 damage at least. A tragedy with loss of life? "That may have depended," says the engineer, "on whether your family had an emergency escape plan for use in case of fire."

"If your family does not have an emergency escape route -- plan one now," emphasizes Nelson, noting that Fire Prevention Week is Oct. 9-15. "Don't put it off until tomorrow; tomorrow may be too late. Fire destroys or damages more than 1,800 homes in this country each day -- well over one-half million a year. So, be sure that each member of your family knows the proper action to take in case fire strikes your home. Forewarned is forearmed," cautions the engineer.

In developing your family escape plan, Nelson says to consider these points:

--Determine an escape route and an alternate escape route from every room in the house, with emphasis on bedrooms. Remember that hallways and stairways may be blocked off by flames or smoke.

--Teach everyone to test a door before opening it, if fire is suspected. If the door panels feel warm, do not open the door. Plug the cracks with blankets or clothing to keep out the smoke; then use the alternate escape route.

--Decide on a meeting point outside the house so no one will make the mistake of returning for someone who is already safe.

--Practice your family escape plan frequently. Children espec-

ially need regular practice since routine fire drills lessen the chance of panic if a real fire should occur.

Nelson emphasizes that family escape plans and fire drills are a necessity for every family. Consequently, you should impress your family with the importance of preparing and rehearsing a family escape plan for use in emergency.

Eighteen hundred homes will burn tomorrow. One could belong to a friend of yours. Or it could belong to you!

Candidate Leath Protests HEW's Proposed Hospital Restrictions

Democratic Congressional candidate Marvin Leath, in a telegram to Secretary Joseph Califano, strongly protested the restrictive regulations HEW is attempting to implement on hospitals and health care facilities.

Leath called the new guidelines "a bureaucratic attack on rural hospitals." Texas health care officials have estimated that the new plan will eliminate over 18,000 beds in Texas hospitals by 1982, and severely restrict service in many hospitals.

"If these new regulations are imposed," Leath said, "they will adversely affect every hospital in the 11th District, and could close many of our rural hospitals. They would severely limit services that small hospitals could offer."

"It is the same old story we've heard from the Washington bureaucracy for years," Leath continued, "big is better. They want to do away with local rural facilities, and by doing so, will overcrowd the larger hospitals; and they will disrupt many lives and jobs in the process."

"Most of our rural areas have large elderly populations," Leath said, "and to force these people to drive 45 or more miles to get hospital attention is unthinkable. I'm certainly in favor of trying to reduce health care costs," he continued, "but not at the expense

Jeffry Gelner's Rabbit Wins Places In Show

Jeffry Gelner, a member of the Cameron Yoe FFA, attended the San Antonio Youth Rabbit Breeders Association show held at the Roadrunner Inn in San Antonio on Oct. 1.

Jeffry showed his New Zealand white buck in the junior division and won first place in his class. The buck placed second in the white fur class and was runner-up for the Best of Opposite Sex.

He now has entered the buck in the 6-8 class to be shown at the 54th annual Rabbit Breeders Association convention and show to be held in Houston Nov. 7-10. He also hopes to show it at the Milam County Junior Livestock Show in Cameron on January 13-14, 1978. Rabbits have not yet been approved to be shown at this county show.

Jeffry is a member of the Mid-Tex Rabbit Breeders Association and has applied for membership in the American Youth Rabbit Breeders Association.

Anyone interested in joining either of these two clubs may contact Jeffry.

Candidate Leath Protests HEW's Proposed Hospital Restrictions

Democratic Congressional candidate Marvin Leath, in a telegram to Secretary Joseph Califano, strongly protested the restrictive regulations HEW is attempting to implement on hospitals and health care facilities.

Leath called the new guidelines "a bureaucratic attack on rural hospitals." Texas health care officials have estimated that the new plan will eliminate over 18,000 beds in Texas hospitals by 1982, and severely restrict service in many hospitals.

"If these new regulations are imposed," Leath said, "they will adversely affect every hospital in the 11th District, and could close many of our rural hospitals. They would severely limit services that small hospitals could offer."

"It is the same old story we've heard from the Washington bureaucracy for years," Leath continued, "big is better. They want to do away with local rural facilities, and by doing so, will overcrowd the larger hospitals; and they will disrupt many lives and jobs in the process."

"Most of our rural areas have large elderly populations," Leath said, "and to force these people to drive 45 or more miles to get hospital attention is unthinkable. I'm certainly in favor of trying to reduce health care costs," he continued, "but not at the expense

of lives or limited service."

Leath reminded Secy. Califano that rural areas have a difficult time attracting doctors and, without hospital facilities, the task would be virtually impossible.

Leath's comments were in response to HEW proposals recently published in the Federal Register.
